

FCCLA Planning Process Summary Page

IDENTIFY CONCERNS

Our concern is that some people in our community and school are not aware of what FCCLA is and what it offers to students. We will use this website to showcase what FCCLA is, the benefits it offers to students, and the success our chapter has had the past few years.

SET A GOAL

Our goal is to create a website for anyone interested in joining FCCLA or wants to learn more about FCCLA, specifically our chapter, that can be referenced throughout the school year.

FORM A PLAN (WHO, WHAT, WHEN, WHERE, HOW, COST, RESOURCES, AND EVALUATION)

WHO: Marie Bethel, Makenzie Heifner, Kayla Steiger

WHEN: 2017-2018 school year

WHERE: Ste. Genevieve High School

HOW: We will create a website to show our school and community what FCCLA is about, what our chapter does, and the chapter's success.

COST: None

RESOURCES: computer, member photos, Weebly, information from Missouri FCCLA and the National FCCLA Website, alumni statements

EVALUATION: To evaluate our project, we will determine if we met all of our set deadlines, have the most accurate and up to date information, and see if the website is accessible for everyone through different browsers.

ACT

We began researching the type of website creator we would use, beginning our Planning Process Sheet, and started to collect data. We collected information from different members, so we could highlight different projects in our chapter. We published our website on January 30, 2018.

FOLLOW UP

Overall, the experience with creating our chapter website was successful. We met all of our deadlines and had the most accurate information. We are proud to now provide people in our school and community important information about FCCLA and FACS. While creating our website, we learned how to connect with the members of FCCLA, which will be beneficial for our future.
